PHOTOGRAPHY

Digital Photography Overview

This introductory course takes a comprehensive look at many aspects of photography that are covered in greater, hands-on detail in upcoming classes. Learn and define new photography terms and address common issues such as improving blurry photos and capturing better images. Take a leap into the world of digital photography and all its possibilities! Instructor: Mike Bisom (2 hr) **NEW!**

3/6 | 1 Tue | 7-9p | \$25

5/22 | 1 Tue | 7-9p | \$25

Digital Camera Basics

Digital cameras and the constantly changing technology surrounding them can be confusing. Find out why resolution, mega pixels, JPEGs, and memory cards matter. Bring your camera – no question is too big or too small for this hands-on class! Instructor: Mike Bisom (8 hr)

3/13-4/3 | 4 Tue | 7-9p | \$89

6/4-6/25 | 4 Tue | 7-9p | \$89

Advanced Digital Camera

Flash past Digital Camera Basics!

Participants will take an in-depth look at shutter, white-balance, focusing, and more. The skills you learn in this course can be applied to any camera with manual controls, so you can keep practicing long after the final class. Instructor: Mike Bisom (10 hr)

4/10-5/8 | 5 Tue | 7-9p | \$99

6/26-7/31 | 5 Tue | 7-9p | \$99

Lightroom for Beginners

Lightroom is a powerful tool for photographers that allows the user to make both basic and advanced image adjustments. Discover the storage and enhancement aspects for use on your own images. No Lightroom experience necessary, but basic computer experience is essential. Instructor: Michael LaPointe (6 hr)

4/11-4/25 | 3 Wed | 7-9p | \$69

Digital Photography-Capturing Sunsets

There is nothing quite as breathtaking as the beautifully blended colors of a sunset across the evening sky. It seems impossible to capture this rich imagery with warmth that almost reaches beyond the boundaries of a photograph, but this class will make creating stunning sunset images possible. Instructor: Mike Bisom (2 hr) **NEW!**

6/24 | 1 Sun | 6:30-8:30p | \$39

WELLNESS

Mindfulness

Mindfulness is now discussed in all facets of society. The awareness this personal practice brings can be life changing! In this course we will discuss the benefits, how to begin your own practice, and how compassion and gratitude naturally grow from it. The end result is a happier life! Instructor: Leigh Smith (4.5 hr)

3/7-21 | 3 Wed | 6:30-8p | \$49

Tai Chi for Beginners

Take the first step on your journey to better health and wellness with this step-by-step course for beginners in Tai Chi. Benefits of Tai Chi practice include greater stability, lower blood pressure, boosted metabolism, enhanced circulation, reduced stress, and improved sleep, flexibility, joint range, and brain function. Instructor: Ron Pfeiffer (6 hr)

4/17-5/22 | 6 Tue | 6:30-7:30p \$59
