Principal's Corner

Dear Goodland Family Members,

Spring is finally here, and break is right around the corner. Our students are ready for a well-deserved break, but until then we have much work to do. Those students in grades 3-5 will participate in the Forward Exam beginning the first week of April. Please continue having them read every day for twenty minutes. The more they read the better they become. A special thanks to all the parents that supported our students last month for: Kids Healthy Heart Challenge, Penny Wars, all the various field trips, and more. It's an absolute treat to have families in our building so they can see all the good things that are happening at Goodland/Montessori.

Finally, we value your input. Please let us know how we are doing and what we can do to better support the needs of your student.

Partners in Education,

Esteban Malacara

This service is not only for households with students but for all Wisconsin families and residents in order to gain internet access.
