Keep saving those Box Tops!

Great job to the students who contributed to this year's challenge. All Box tops go to help fund items for our school.

Greeting Parents,

I want to thank all of you that I have had the pleasure of meeting, whether it be at drop off or parent-teacher conferences, for the warm welcome you have given me. I am excited to be a part of the Goodland/Montessori family. My approach in any educational experience that I have had the honor of working in has been simple: Treat the students that walk into my classroom/building as if they were my own children. That approach has served me well as I, like all parents, want my children to love learning, be recognized for what makes them special, and to feel a sense of connectedness and belonging in their school environment.

With that being said, time is passing rather quickly, and the holiday season is upon us. We want to thank you for choosing Goodland/Montessori as your school of choice. We are partners in this journey to educate your children and we pledge to give them the best we have to offer. It is our vision that all students will reach their full potential within our well-prepared learning environment. They will leave our school able to navigate the world academically and socially.

We need your help to keep the momentum going. You can assist by:

1. Having a quiet time for students to read and write for twenty-five minutes every day.
2. Reducing early check outs so students are here for bell to bell instruction.
3. Reminding our students of appropriate behavior.
4. Attending family events and volunteering when able.

The school-home connection is a vital component in ensuring that your children are cared for and receiving the support they need to thrive academically, emotionally, and socially.

Finally, the doors of Goodland remain open for your suggestions and feedback on how we can better serve you and your family. Please don't hesitate to stop in, call, or send me an email.

Partners in the Journey,

Esteban Malacara
