Dear Graduating Class:

The Board of Education is interested in high school students who contribute to our community through their volunteer efforts. These students have been helping the community by working on food basket drives, tutoring younger students, helping in homeless shelters, assisting in local hospitals and nursing homes, and other community volunteer activities.

The Board of Education passed a resolution to recognize graduates who have rendered community service. If you meet the guidelines for community service, you will be identified on the graduation program and receive a memento of appreciation.

If you are a member of the senior class, please complete the attached form indicating that you have provided a minimum of 80 hours of community service.

If you are a junior, sophomore, or freshman, you should keep a record of your community service in order to complete this form as a senior.

We want to recognize each one of you who has provided service to others in our community. Please return the completed form to your homeroom teacher so that you can be listed on the graduation program.
